

## Exit Planning

# Multi-Owner Buyout Strategy

Help your business land on its feet with a multi-owner buyout strategy. Provide the vital liquidity necessary to owners departing a business while protecting the viability of the business for younger owners.

## How it works

- Owners enter into a buy-sell agreement with the business
- Upon a triggering event, the business is obligated to purchase the departing owner's interest
- Depending on the age, ownership interest and triggering event, either the sinking fund or life insurance will be used for the buyout

By working with the experts at the Principal Financial Group®, you can develop a plan to help protect your business – and the people that depend on it.
